WANT TOGO TO WIN

MANY RUSSIANS WOULD LIKE TO
SEE JAP ADMIRAL DEFEAT
ROJESTVENSKY.

WARSHIPS CLOSE TO BORNEO

LARGE FLEETS SAID TO HAVE
BEEN SIGHTED SOUTH OF
THAT ISLAND.

St. Petersburg, April 13.—A majority of the people here display scant anxiety for news of Admiral Rojestyevsky. Many Russians would not welcome the defeat of Admiral Togo, as that would imply defeat of their hope of reform.

FLEETS NEAR BORNEO

LARGE SQUADRONS OF WARSHIPS
SIGHTED SOUTH OF THAT
ISLAND.

London, April 13.—The correspondent at Labuan (off the northwest coast of Borneo) of the Daily Mail says that reports are current there that large fleets have been sighted south of Borneo.

DISPATCH TO DUTCH PAPER.

Reported Naval Engagement Near the
Anambas Islands.

Amsterdam, Holland, April 13.—A sea fight is now in progress near the Anambas Islands (east of the Malay peninsula) according to a telegram from Batavia, island of Java, to the Handelsblad (newspaper).

The dispatch adds that five Dutch warships are near the scene of battle. Details are lacking.

JAPAN HAS FIVE BATTLESHIPS.

Claim Made by Tokio Correspondent
of London Paper.

London, April 13.—The Daily Telegraph's Tokio correspondent, in a comparative statement of the strength of the fighting fleets of Japan and Russia, claims that the Japanese have five battleships.

The Daily Telegraph considers that this disposes of the rumor that the battleship Yashima was sunk by a Russian mine off Dalm in June last.

Dispatches from Chefoo in June last stating that the Japanese battleship Yashima had been sunk by a mine off Dalm was denied by the Japanese authorities, but a dispatch from Paris, Nov. 3, to the Associated Press upon high authority reported the sinking of the vessel.

JAPS MOVING ON KIRIN.

Russians Prepared Against Surprise
in Mongolia.

St. Petersburg, April 13.—Telegrams from Kuntuling report several skirmishes, under cover of which the Japanese are steadily moving on Kirin. The Russians have taken the fullest precautions against surprise in Mongolia.

MEYER PRESENTS CREDENTIALS.

Keen Interest Manifested in His Meeting
With the Czar.

St. Petersburg, April 13.—Ambassador Meyer during the afternoon presented his letters of credence to Emperor Nicholas at Tsarskoe Selo.

In diplomatic circles the keenest interest is manifested at the first interview between the emperor and the new American ambassador owing to the widespread belief that President Roosevelt has already allowed the information to be conveyed to both belligerents that he stands ready, upon their mutual request, to undertake the promotion of peace. It is supposed that Mr. Meyer delivered a confidential communication to his majesty from President Roosevelt; but so far as is ascertainable the emperor did not discuss the question of peace with the new ambassador.

Mr. Meyer's reception followed the traditional Old World pomp and ceremony observed at the court of the Romanoffs. He was received literally "in great and solemn state."

The audience lasted ten or fifteen minutes. What passed between the emperor and the ambassador naturally is secret.

The occasion marked a notable departure from the custom of the St. Petersburg court since the days of Minister C. R. Breckenridge. Mr. Meyer wearing no uniform, but appearing in the simple evening dress of an American gentleman.

British Steamer Captured.

Tokio, April 13.—The British steamer Henry Bolckow was seized by

the Japanese guardship off the island of Hokkaido April 7. The character of her cargo has not been divulged. It is presumed that the vessel was bound for Vladivostok.

Naval Court Rejects Appeal.

Nagasaki, April 13.—The naval prize court at Sasebo has rejected the appeal of the British steamer Oakley, which was captured Jan. 18 in Tsu straits while en route to Vladivostok with a cargo of Cardiff coal.

PROFESSIONAL CLASSES UNITE.

Intellectuals of Russia Favor Democratization of Government.

St. Petersburg, April 13.—The formation of a national professional reform league to unite the activities of lawyers, doctors, teachers, engineers and other professional classes of Russia to bring about the democratization of the government and the institution of a representative parliament and a responsible ministry, is the ambitious project set on foot by the national congress of lawyers which finished its work here at night. The plan proposed is the formation of national associations of the various professional classes, each of which shall elect delegates to a central bureau which is to direct and co-ordinate the efforts of the "intellectuals" in the direction of reforms.

Other classes which have openly manifested liberal tendencies on many occasions and notably the doctors at their recent congress at Moscow are apt to accept the invitation and unless interfered with a powerful reform force is likely to spring into being soon.

The deliberations of the lawyers, which were carried to a conclusion in direct disregard of police orders and which were participated in by 173 delegates representing every judicial district in Russia except Siberia, resulted in the organization of the National Legal association and the election of a central bureau of thirteen which is empowered to select legal representatives for a proposed central committee to draft preliminary plans for the organization of that body.

The leaders of the movement declare that their plans do not contemplate any assault on the monarchial form of government or disloyalty to the empire but the elimination of absolutism and establishment of participation by the governed in the direction of affairs.

Will Raise and Sell Warships.

Tokio, April 13.—The navy department is preparing to ask tenders for the raising and sale of the sunken Russian warships at Port Arthur.

MANY PERSONS HURT

SIXTY-SEVEN PASSENGERS INJURED IN A TRAIN WRECK
IN MISSISSIPPI.

Vicksburg, Miss., April.—Yazoo and Mississippi Valley passenger train No. 15, southbound, was derailed near Hardee station, sixteen miles north of here, at 12:30 o'clock a. m. Reports state that sixty-seven passengers were injured. One report states that several persons were killed. A special train carrying physicians has gone to the scene of the wreck. It is reported the entire passenger train rolled down an embankment.

DIFFERENCES MAY BE SOLVED.

Believed Chamberlain and Balfour
Factions Will Unite.

London, April 13.—The Liberal Unionist meeting held Wednesday and Joseph Chamberlain's speech are considered in the lobbies of parliament and in the Unionist newspaper organs to have done much to bring Mr. Chamberlain closer in line with the Balfour fiscal ideas.

The speeches of the Duke of Marlborough and Lord Lansdowne in the house of lords on Tuesday had laid down the policy that a colonial conference to decide the preferential tariff question could only be adopted after general elections and that the decisions of such a conference might be sanctioned by a second appeal to the country which would relegate the actual application of Mr. Chamberlain's preferential scheme, even if it should be approved by the country, to the somewhat distant future.

The fact that Mr. Chamberlain fully endorsed Lord Lansdowne's speech and went out of his way to express loud admiration for Lord Lansdowne's foreign policy, whilst the meeting subsequently adopted a resolution affirming adherence to Mr. Balfour's proposals on the subject of a preferential tariff, which excludes duties applied for purely protective purposes, is held to indicate that Mr. Chamberlain recognized the imperative necessity of going slow and that his meeting during the day will arrive at a satisfactory solution of the points of difference with Mr. Balfour.

Cleanse your system of all impurities this month. Now is the time to take Hollister's Rocky Mountain Tea. 35 cents, tea or tablets. H. P. Dunn & Co.

H. F. MICHAEL CO'S Daily Store News

Things You Should Know About!

Every nook and corner of our store is full of good things which we would like to bring to your notice. Even a daily "ad" does not permit us to tell of all of them. Today's news is about a few of them:

Children's Silk Headwear—Pretty white ones for summer wear. A great diversity of styles and prices. They begin at 25c and the highest priced—which is a beauty—sells at \$1.00.

Ferris Waists for Ladies, Childrens and Misses. These waists need no words from us to tell you of their value. Sufficient for us to say is that we have several excellent styles.

Complexion Towels—a coarse linen towel which has many advantages over the Huck or Damask towel for the face and is an excellent bath towel as well. You will be sure to like them. 20c

Side and Back Combs—You like the kinds that they are using in the cities. As in everything else our showings are authoritative. Best of all, prices are no higher for the extra style.

Infants Hosiery—Neat styles for the dear little ones. All colors in the cashmere hose as well as in the mercerized cotton numbers. Cotton at 10c. Mercerized hose at 15c and cashmere and fine mercerized hose at 25c.

We Fit All Kid Gloves

DANGER NOT PASSED

FEELING AT HIBBING, MINN., IS
TENSE OWING TO KILLING
OF TWO MINERS.

AFRAID TO RETURN TO WORK

MEN FEAR THEY MAY BE SHOT
OR DYNAMITED BY THOSE
OUT ON STRIKE.

Duluth, April 13.—The feeling at Hibbing is tense owing to the tragedy of Tuesday in which two miners were shot and killed and several others injured in a strike riot. The presence of Sheriff Bates' armed force of fifty deputies at the Burt-Pool mines since 3 a. m. has had a salutary effect upon the men, but the danger is not yet passed. During the evening 200 men employed at the Burt mine expressed a willingness to return to work, as they were satisfied with the wages they have been receiving, but that they dared not do so for fear of being shot or dynamited by the strikers, who threaten to call out 700 more men if the demand for increased pay is not complied with. The operators of the mines in and near Hibbing threaten to close down all work if there is any further trouble. Mayor McHardy has ordered all the saloons of the city closed pending a settlement of the trouble and his course is commended by the citizens generally. The coroner will order an investigation into the death of the two miners, John Lagga and Victor Koski. Thus far no attempt has been made, as far as outward appearances go, to secure the name or names of the assailants.

COMMENT BY REV. GLADDEN.

Says Robbers and Pirates May Now
Contribute to American Board.

Columbus, O., April 13.—When informed of the final action of the Prudential committee accepting the Rockefeller gift, Rev. Washington Gladden, D. D., authorized this statement:

"The Prudential committee has placed itself on the broad and intelligible position that all gifts must be received, no matter what may be the character of the giver nor by what immoralities or crimes his gains may have been gathered.

"No discrimination is henceforth to be made. The pirate or the train robber may bring his booty to the treasury of the American board, and it will be thankfully received and if sufficiently large, will be described as a 'magnificent gift.'

giver has no moral right may be rightfully given to a missionary society if only his motive is to do good with it."

FAST TRAIN WRECKED.

Several Persons Injured in Accident
at Bellefontaine, O.

Bellefontaine, O., April 13.—Train No. 23, running between St. Louis and Cleveland, one of the fastest trains on the Cleveland, Cincinnati, Chicago and St. Louis railway, was wrecked here at night and seven or more persons were more or less seriously hurt.

The injured include S. C. Sacks of Pittsburg, probably fatally. He was riding between the express and mail cars.

As the train was pulling into Bellefontaine the brakes failed to work and the heavy train plowed into the netted switches at the crossing of the Sandusky division of the Cleveland, Cincinnati, Chicago and St. Louis and the Ohio Central tracks, tearing up the tracks.

The mail, express, baggage, smoking and day cars left the tracks and were overturned.

IN HIS DYING STATEMENT.

Mayor Gannon Is Said to Have Accused
Jack Montague of Crime.

Beaurette, Minn., April 13.—In his dying statement Mayor Matt Gannon, who was assassinated Saturday night, said he recognized Jack Montague, a well known sport, as the man who fired the fatal shot. It was brought out by State's Attorney Lund during the day that last Wednesday Gannon had two Norwegians arrested for cutting timber on government land. The men were working for another party and were clearing a place on the Spooner township for a new building. The men were fined \$35 or sixty days by Justice Ryler. The fine was reduced by stages to \$5, and when the men were advised by friends to pay nothing Gannon struck one of them over the face, which was laid open, with his cane. This incensed the Spooner residents and led to the tragedy.

MORE TROUBLE EXPECTED.

Four of the Alleged Slayers of Sheriff
Poag Captured.

Senatobia, Miss., April 13.—Four men alleged to have been members of the party of masked men that entered the jail at Senatobia early in the morning and killed Sheriff J. M. Poag, have been captured by a deputy sheriff's posse, and are being brought back to Senatobia. The streets of Senatobia are thronged with crowds of citizens and trouble is expected when the posse arrives with its prisoners. Residents of outlying towns and farms have been flocking to Senatobia in considerable numbers and the city is aflame with excitement.

The Gaynor and Greene Case.

Montreal, April 13.—The Gaynor and Greene case came up again during the day before Judge Lafontaine. Donald MacMaster argued for the prosecution, quoting from many letters and documents that were used in the trial of Captain Oberlin M. Carter. When the hearing adjourned Mr. MacMaster had not concluded.

CONFERS WITH MUDGE.

Commissioner Garfield Talks With
Manager of Santa Fe Road.

Topeka, Kan., April 13.—James R. Garfield, commissioner of corporations, who is investigating the Standard Oil company, held a conference during the day with General Manager H. U. Mudge of the Santa Fe Railway company. No statement as to the result of the conference can be secured, but it related to the suit against the Santa Fe alleging conspiracy with the Standard in the matter of oil rates.

General Manager Mudge supplied the commissioner with a large amount of information in regard to rates. Other leading railway men will meet Mr. Garfield.

Secretary Parker of the Kansas Oil Producers' association is here to confer with Mr. Garfield.

Commissioner Garfield has decided to divide his investigation into eight departments, each to be covered by answers to ten questions. What these questions are none but Mr. Garfield and his assistants know.

Mr. Garfield expects to be able to begin his work in the oil regions the latter part of this week.

HURRICANE NEAR TAHITI.

Houses Wrecked and Coconut Groves
Destroyed.

Papeete, Tahiti, March 31, via San Francisco, April 13.—A hurricane near Tahiti and north of there on March 24 and March 25 caused much damage to shipping. On March 24 the gasoline schooner Orifena's boat was damaged on a reef at Mahatea, 120 miles north of Tahiti. On March 25 the storm broke over Papeete. Great trees came crashing down, in some instances wrecking houses. Paul Martin's steam launch was wrecked and washed ashore against the rocks, following close upon the government cutter, which was completely smashed. The other sections of Tahiti suffered much damage from the fury of the gale.

It is feared in Tahiti that the schooner Teito went down and that the Famel Ter More was caught in the gale.

The greatest damage done by the storm is believed to lie in the destruction of coconut groves.

Bicycles repaired at Sherlund's.

The Misery of Piles

Thousands know it and thousands daily submit, through their ignorance, to the torture of the knife.

They are ignorant of the fact that there is an internal remedy that will positively and painlessly cure.

Dr. Perrin's Pile Specific

The Internal Remedy

strikes at the prime causes of piles—indigestion, congestion of the liver and constipation. These causes are removed and removed for good. Get a bottle today and see how well it proves the truth of this statement.

For dyspepsia, indigestion, constipation, biliousness, catarrh of the stomach and kindred ailments it is the greatest remedy that has ever yet benefited mankind.

When these troubles are taken care of and cured, Piles will be a thing of the past.

Dr. Perrin Medical Co., Helena, Mont.

WANT TOGO TO WIN

MANY RUSSIANS WOULD LIKE TO
SEE JAP ADMIRAL DEFEAT
ROJESTVENSKY.

WARSHIPS CLOSE TO BORNEO

LARGE FLEETS SAID TO HAVE
BEEN SIGHTED SOUTH OF
THAT ISLAND.

St. Petersburg, April 13.—A majority of the people here display scant anxiety for news of Admiral Rojostvensky. Many Russians would not welcome the defeat of Admiral Togo, as that would imply defeat of their hope of reform.

FLEETS NEAR BORNEO

LARGE SQUADRONS OF WARSHIPS
SIGHTED SOUTH OF THAT
ISLAND.

London, April 13.—The correspondent at Labuan (off the northwest coast of Borneo) of the Daily Mail says that reports are current there that large fleets have been sighted south of Borneo.

DISPATCH TO DUTCH PAPER.

Reported Naval Engagement Near the
Anambas Islands.

Amsterdam, Holland, April 13.—A sea fight is now in progress near the Anambas islands (east of the Malay peninsula) according to a telegram from Batavia, island of Java, to the Handelsblad (newspaper). The dispatch adds that five Dutch warships are near the scene of battle. Details are lacking.

JAPAN HAS FIVE BATTLESHIPS.

Claim Made by Tokio Correspondent
of London Paper.

London, April 13.—The Daily Telegraph's Tokio correspondent, in a comparative statement of the strength of the fighting fleets of Japan and Russia, claims that the Japanese have five battleships.

The Daily Telegraph considers that this disposes of the rumor that the battleship Yashima was sunk by a Russian mine off Dalny in June last.

Dispatches from Chefoo in June last stating that the Japanese battleship Yashima had been sunk by a mine off Dalny was denied by the Japanese authorities, but a dispatch from Paris, Nov. 3, to the Associated Press upon high authority reported the sinking of the vessel.

JAPS MOVING ON KIRIN.

Russians Prepared Against Surprise
in Mongolia.

St. Petersburg, April 13.—Telegrams from Kuntuling report several skirmishes, under cover of which the Japanese are steadily moving on Kirin. The Russians have taken the fullest precautions against surprise in Mongolia.

MEYER PRESENTS CREDENTIALS.

Keen Interest Manifested in His Meeting
With the Czar.

St. Petersburg, April 13.—Ambassador Meyer during the afternoon presented his letters of credence to Emperor Nicholas at Tsarskoe Selo.

In diplomatic circles the keenest interest is manifested at the first interview between the emperor and the new American ambassador owing to the widespread belief that President Roosevelt has already allowed the information to be conveyed to both belligerents that he stands ready, upon their mutual request, to undertake the promotion of peace. It is supposed that Mr. Meyer delivered a confidential communication to his majesty from President Roosevelt; but so far as is ascertainable the emperor did not discuss the question of peace with the new ambassador.

Mr. Meyer's reception followed the traditional Old World pomp and ceremony observed at the court of the Romanoffs. He was received literally "in great and solemn state."

The audience lasted ten or fifteen minutes. What passed between the emperor and the ambassador naturally is secret.

The occasion marked a notable departure from the custom of the St. Petersburg court since the days of Minister C. R. Breckenridge. Mr. Meyer wearing no uniform, but appearing in the simple evening dress of an American gentleman.

British Steamer Captured.

Tokio, April 13.—The British steamer Henry Bolckow was seized by

the Japanese guardship off the island of Hokkaido April 7. The character of her cargo has not been divulged. It is presumed that the vessel was bound for Vladivostok.

Naval Court Rejects Appeal.

Nagasaki, April 13.—The naval prize court at Sasebo has rejected the appeal of the British steamer Oakley, which was captured Jan. 18 in Tsu straits while en route to Vladivostok with a cargo of Cardiff coal.

PROFESSIONAL CLASSES UNITE.

Intellectuals of Russia Favor Democratization of Government.

St. Petersburg, April 13.—The formation of a national professional reform league to unite the activities of lawyers, doctors, teachers, engineers and other professional classes of Russia to bring about the democratization of the government and the institution of a representative parliament and a responsible ministry, is the ambitious project set on foot by the national congress of lawyers which finished its work here at night. The plan proposed is the formation of national associations of the various professional classes, each of which shall elect delegates to a central bureau which is to direct and co-ordinate the efforts of the "intellectuals" in the direction of reforms.

Other classes which have openly manifested liberal tendencies on many occasions and notably the doctors at their recent congress at Moscow are apt to accept the invitation and unless interfered with a powerful reform force is likely to spring into being soon.

The deliberations of the lawyers, which were carried to a conclusion in direct disregard of police orders and which were participated in by 173 delegates representing every judicial district in Russia except Siberia, resulted in the organization of the National Legal association and the election of a central bureau of thirteen which is empowered to select legal representatives for a proposed central committee to draft preliminary plans for the organization of that body.

The leaders of the movement declare that their plans do not contemplate any assault on the monarchial form of government or disloyalty to the empire but the elimination of absolutism and establishment of participation by the governed in the direction of affairs.

Will Raise and Sell Warships.

Tokio, April 13.—The navy department is preparing to ask tenders for the raising and sale of the sunken Russian warships at Port Arthur.

MANY PERSONS HURT

SIXTY-SEVEN PASSENGERS IN-
JURED IN A TRAIN WRECK
IN MISSISSIPPI.

Vicksburg, Miss., April.—Yazoo and Mississippi Valley passenger train No. 15, southbound, was derailed near Hardee station, sixteen miles north of here, at 12:30 o'clock a. m. Reports state that sixty-seven passengers were injured. One report states that several persons were killed. A special train carrying physicians has gone to the scene of the wreck. It is reported the entire passenger train rolled down an embankment.

DIFFERENCES MAY BE SOLVED.

Believed Chamberlain and Balfour
Factions Will Unite.

London, April 13.—The Liberal-Unionist meeting held Wednesday and Joseph Chamberlain's speech are considered in the lobbies of parliament and in the Unionist newspaper organs to have done much to bring Mr. Chamberlain closer in line with the Balfour fiscal ideas.

The speeches of the Duke of Marlborough and Lord Lansdowne in the house of lords on Tuesday had laid down the policy that a colonial conference to decide the preferential tariff question could only be adopted after general elections and that the decisions of such a conference might be sanctioned by a second appeal to the country which would relegate the actual application of Mr. Chamberlain's preferential scheme, even if it should be approved by the country, to the somewhat distant future.

The fact that Mr. Chamberlain fully endorsed Lord Lansdowne's speech and went out of his way to express loud admiration for Lord Lansdowne's foreign policy, whilst the meeting subsequently adopted a resolution affirming adherence to Mr. Balfour's proposals on the subject of a preferential tariff, which excludes duties applied for purely protective purposes, is held to indicate that Mr. Chamberlain recognized the imperative necessity of going slow and that his meeting during the day will arrive at a satisfactory solution of the points of difference with Mr. Balfour.

OR DYNAMITED BY THOSE
OUT ON STRIKE.

Duluth, April 13.—The feeling at Hibbing is tense owing to the tragedy of Tuesday in which two miners were shot and killed and several others injured in a strike riot. The presence of Sheriff Bates' armed force of fifty deputies at the Burt-Pool mines since 3 a. m. has had a salutary effect upon the men, but the danger is not yet passed. During the evening 200 men employed at the Burt mine expressed a willingness to return to work, as they were satisfied with the wages they have been receiving, but that they dared not do so for fear of being shot or dynamited by the strikers, who threaten to call out 700 more men if the demand for increased pay is not complied with. The operators of the mines in and near Hibbing threaten to close down all work if there is any further trouble. Mayor McHardy has ordered all the saloons of the city closed pending a settlement of the trouble and his course is commended by the citizens generally. The coroner will order an investigation into the death of the two miners, John Lagga and Victor Koski. Thus far no attempt has been made, as far as outward appearances go, to secure the name or names of the assailants.

COMMENT BY REV. GLADDEN.

Says Robbers and Pirates May Now
Contribute to American Board.

Columbus, O., April 13.—When informed of the final action of the Prudential committee accepting the Rockefeller gift, Rev. Washington Gladden, D. D., authorized this statement:

"The Prudential committee has placed itself on the broad and intelligible position that all gifts must be received, no matter what may be the character of the giver nor by what immoralities or crimes his gains may have been gathered.

"No discrimination is henceforth to be made. The pirate or the train robber may bring his booty to the treasury of the American board, and it will be thankfully received and if sufficiently large, will be described as a 'magnificent gift.'

"By the decision the Prudential rejects the word of Him who said: 'I hate robbery for burnt offerings,' and reverses the ethical judgment respecting the rewards of iniquity which has guided Christendom hitherto. It openly proclaims that money to which the

giver has no moral right may be rightfully given to a missionary society if only his motive is to do good with it."

FAST TRAIN WRECKED.

Several Persons Injured in Accident
at Bellefontaine, O.

Bellefontaine, O., April 13.—Train No. 23, running between St. Louis and Cleveland, one of the fastest trains on the Cleveland, Cincinnati, Chicago and St. Louis railway, was wrecked here at night and seven or more persons were more or less seriously hurt.

The injured include S. C. Sacks of Pittsburg, probably fatally. He was riding between the express and mail cars.

As the train was pulling into Bellefontaine the brakes failed to work and the heavy train plowed into the netted switches at the crossing of the Sandusky division of the Cleveland, Cincinnati, Chicago and St. Louis and the Ohio Central tracks, tearing up the tracks.

IN HIS DYING STATEMENT.

Mayor Gannon Is Said to Have Accused
Jack Montague of Crime.

Beaumont, Minn., April 13.—In his dying statement Mayor Matt Gannon, who was assassinated Saturday night, said he recognized Jack Montague, a well known sport, as the man who fired the fatal shot. It was brought out by State's Attorney Lund during the day that last Wednesday Gannon had two Norwegians arrested for cutting timber on government land. The men were working for another party and were clearing a place on the Spooner township for a new building. The men were fined \$35 or sixty days by Justice Ryler. The fine was reduced by stages to \$5, and when the men were advised by friends to pay nothing Gannon struck one of them over the face, which was laid open, with his cane. This incensed the Spooner residents and led to the tragedy.

MORE TROUBLE EXPECTED.

Four of the Alleged Slayers of Sheriff
Poag Captured.

Senatobia, Miss., April 13.—Four men alleged to have been members of the party of masked men that entered the jail at Senatobia early in the morning and killed Sheriff J. M. Poag, have been captured by a deputy sheriff's posse, and are being brought back to Senatobia. The streets of Senatobia are thronged with crowds of citizens and trouble is expected when the posse arrives with its prisoners. Residents of outlying towns and farms have been flocking to Senatobia in considerable numbers and the city is aflame with excitement.

The Gaynor and Greene Case.

Montreal, April 13.—The Gaynor and Greene case came up again during the day before Judge Lafontaine. Donald MacMaster argued for the prosecution, quoting from many letters and documents that were used in the trial of Captain Oberlin M. Carter. When the hearing adjourned Mr. MacMaster had not concluded.

CONFERS WITH MUDGE.

Commissioner Garfield Talks With
Manager of Santa Fe Road.

Topeka, Kan., April 13.—James R. Garfield, commissioner of corporations, who is investigating the Standard Oil company, held a conference during the day with General Manager H. U. Mudge of the Santa Fe Railway company. No statement as to the result of the conference can be secured, but it related to the suit against the Santa Fe alleging conspiracy with the Standard in the matter of oil rates.

General Manager Mudge supplied the commissioner with a large amount of information in regard to rates. Other leading railway men will meet Mr. Garfield.

Secretary Parker of the Kansas Oil Producers' association is here to confer with Mr. Garfield.

Commissioner Garfield has decided to divide his investigation into eight departments, each to be covered by answers to ten questions. What these questions are none but Mr. Garfield and his assistants know.

Mr. Garfield expects to be able to begin his work in the oil regions the latter part of this week.

HURRICANE NEAR TAHITI.

Houses Wrecked and Coconut Groves
Destroyed.

Papeete, Tahiti, March 31, via San Francisco, April 13.—A hurricane near Tahiti and north of there on March 24 and March 25 caused much damage to shipping. On March 24 the gasoline schooner Orifena's boat was damaged on a reef at Mahatea, 120 miles north of Tahiti. On March 25 the storm broke over Papeete. Great trees came crashing down, in some instances wrecking houses. Paul Martin's steam launch was wrecked and washed ashore against the rocks, following close upon the government cutter, which was completely smashed. The other sections of Tahiti suffered much damage from the fury of the gale.

It is feared in Tahiti that the schooner Tello went down and that the Pamel Ter More was caught in the gale.

The greatest damage done by the storm is believed to lie in the destruction of coconut groves.

Bicycles repaired at Sherlund's.

The Misery of Piles

Thousands know it and thousands daily submit, through their ignorance, to the torture of the knife.

They are ignorant of the fact that there is an internal remedy that will positively and painlessly cure.

Dr. Perrin's Pile Specific

The Internal Remedy

strikes at the prime causes of piles—indigestion, congestion of the liver and constipation. These causes are removed and removed for good. Get a bottle today and see how well it proves the truth of this statement.

For dyspepsia, indigestion, constipation, biliousness, catarrh of the stomach and kindred ailments it is the greatest remedy that has ever yet benefited mankind.

When these troubles are taken care of and cured, Piles will be a thing of the past.

DESERTED WITH FIVE CHILDREN

Mrs. George Franklin, of Pillager. Has Sad Experience Account of Disloyal Husband

CHILDREN GO TO STATE SCHOOL

Sheriff Hardy Took Them to Walker This Afternoon for a Hearing Tomorrow

Through the disloyalty of once a devoted husband Mrs. George Franklin, of Pillager, is forced to submit to the trying ordeal of having her five little children torn from her arms to be sent to the state training school.

Sheriff Hardy passed through the city today en route from Pillager to Walker where the children will be taken before the proper authorities and sent to the state training school.

There is a sad story connected with this case. About a year ago George Franklin is said to have skipped out with a young girl by the name of Miss Richmond and they are said to have gone to Oregon. Yesterday this young girl returned to Pillager with a baby on her arms, but Franklin is still thought to be in Oregon. Mrs. Franklin was driven to desperation and finally decided that she would have to turn the children over to the authorities.

Supt. J. A. Wilson left for St. Cloud this afternoon to attend the teachers' meeting tomorrow. Little Miss Julia Wilson accompanied him and will visit with friends for a few days.

Attorney A. T. Larson left for the south this afternoon. He will attend the teacher's meeting at St. Cloud tomorrow where he delivers an address after which he will go to the cities on legal business.

The Ladies' Aid, of the Presbyterian church, will give a fifteen cent lunch at the home of Mrs. I. U. White, Main street, on Wednesday afternoon, April 26. There will also be a sale of useful and fancy articles.

Dr. J. L. Fredericks was taken to St. Joseph's hospital this morning where he was operated on for appendicitis. His case is not a severe one. The operation was a success and it is thought the patient will be out in a short time as well as ever.

Mrs. Nicholson, of Hamline, arrived in the city this morning to see her husband who is very sick at the N. P. Sanitarium and was reported yesterday as being very low. E. W. Kaley, who is a close neighbor of Mr. and Mrs. Nicholson accompanied the latter to the city this morning.

Sherlund will fix your water pipes.

It's the little colds that grow into big colds; the big colds that end in consumption and death. Watch the little colds. Dr. Wood's Norway Pine Syrup.

Card of Thanks.
We wish to extend our heartfelt thanks to the many kind neighbors and friends who so willingly extended aid and sympathy during our recent bereavement, feeling as we do that such sympathy and the kind words spoken helped to lessen our grief over the death of our beloved father, John Bishop.

BUCK BILL IS PASSED

BOARD OF CONTROL LOSES JURISDICTION OVER SCHOOLS FOR DEAF AND BLIND.

RAILROAD RATE LEGISLATION MEETS WITH FAVOR IN BOTH OF THE HOUSES.

St. Paul, April 13.—Senator Buck's bill to divest the state board of control of jurisdiction and authority over the Minnesota schools for the deaf and blind, passed the senate Wednesday by a vote of 35 to 16.

The senate had as a special order the report and bills offered by the Eberhart freight rate investigation committee. Senator Eberhart explained the terms of the majority report, which was adopted without dissent.

The roll was called on the first of a series of bills designed to carry out the provisions of the majority report. The first bill gives the railroad and warehouse commission jurisdiction over freight rates and classifications and power to inspect books of all common carriers in this state. The bill passed by a vote of 53 to 0.

The second bill provides a penalty for giving a rebate or other favor by any common carrier for the transportation of freight, and a penalty for any person receiving the same. This bill passed by a vote of 48 to 0.

The third bill is in the form of a joint resolution relating to freight rates on interstate traffic. It provides for a reduction on merchandise rates to a basis the same as lowa and Illinois. In making the reduction, the difference between the distance and distributive tariffs shall not be greater than 5 per cent. The different classes of the merchandise rates shall bear a certain proportion to each other. The bill passed by a vote of 51 to 0.

The fourth bill memorializes congress to give the interstate commerce commission wider powers in enforcing the long and short-haul clause, and urging the abolition of private cars. This bill passed by a vote of 53 to 0.

The Dunn bill, S. F. 480, was killed, getting only twenty-nine of the necessary thirty-two votes for passage, and fourteen votes being registered against it. The bill required the publication in all legal papers throughout the state of proposed amendments to the constitution. It is said it would have increased the cost to the state from \$3,000 to \$25,000.

Governor Johnson sent the chiropractic bill back to the senate Wednesday without his signature. The bill is S. F. 81, by Senator Gjertsen, creating a state board of chiropractic examiners and licensing practitioners of the new school. The bill and the veto message were laid on the table for later consideration on motion of Senator Gjertsen.

ADOPTS MINORITY REPORT.

House Acts Favorably on Railroad Rate Legislation.

The house adopted the minority report of the railroad rate committee which had been submitted by Representatives W. D. Washburn, Jr., P. A. Gandrud and W. A. Nolan, and the senate the majority report, signed by Senators A. O. Eberhart, E. B. Hawkins, A. R. McGill and H. W. Stone and Representatives R. T. Lewis and J. H. Dorsey.

Four measures were passed by the senate and six by the house. House file 879 passed by the house is the one that a majority of the members of the committee disapproved, and provides that an order of the state railroad and warehouse commission fixing a rate shall go into effect immediately and remain in effect until set aside by the courts. The house also passed H. F. 867, a copy of Senator Albert Schaller's bill, providing that members of the railroad and warehouse commission may prosecute cases before the interstate commerce commission in actions arising in Minnesota or in which a resident of Minnesota is the petitioner. The other four measures were the same in both houses, the senate files being substituted for the house files.

At the request of the Hennepin house delegation, S. F. 38 was taken from general orders and passed. It authorizes Hennepin county to issue \$250,000 in bonds for the completion of its courthouse.

Sherman S. Smith put a quietus to his bill increasing the stipend of the members of the senate and house by \$500, when he offered a motion referring the measure to its author. His request was granted, its defeat being practically certain.

Following the withdrawal of this bill, Mr. Smith had the rules suspended and H. F. 75 passed. This bill is directed at giving Minneapolis a new charter and is in the form of a constitutional amendment.

The committee on rules reported favorably W. P. Roberts' resolution to suspend the rule requiring printed bills to lie on the members' desks forty-eight hours before going on general orders.

Governor Johnson has vetoed H. F. 655 by Skinner, amending the special act relating to the Duluth municipal court, so as to do away with its jurisdiction in Cook county. The governor states that the bill is plainly unconstitutional, coming under the provision which prohibits special legislation.

Cash Department Store

Our Great Closing Out Sale is still on and after many years of successful business in Brainerd we are going to retire from the Mercantile business, and are offering great bargains in all our Dry Goods, Clothing, Shoes and Groceries. Your money will buy better values during this Closing Out Sale than else where during this season of the year. During this sale we are going to make prices that will appeal to all economical buyers. We want the goods sold.

We have a fine line of ladies' spring suits and skirts which we are offering at cost. We have a few more ladies' cloaks at one-half price, also everything in the dry goods line will be sold at a great reduction.

Our grocery line is complete and we will give you some bargains that you cannot get elsewhere.

Having done our duty to call your attention to our many bargains we will leave you to yours by seeing them. So call and convince yourselves.

The roll was called on the first of a series of bills designed to carry out the provisions of the majority report.
The first bill gives the railroad and warehouse commission jurisdiction over freight rates and classifications and power to inspect books of all common carriers in this state. The bill passed by a vote of 53 to 0.

The second bill provides a penalty for giving a rebate or other favor by any common carrier for the transportation of freight, and a penalty for any person receiving the same. This bill passed by a vote of 48 to 0.

The third bill is in the form of a joint resolution relating to freight rates on interstate traffic. It provides for a reduction on merchandise rates to a basis the same as Iowa and Illinois. In making the reduction, the difference between the distance and distributive tariffs shall not be greater than 5 per cent. The different classes of the merchandise rates shall bear a certain proportion to each other. The bill passed by a vote of 51 to 0.

The fourth bill memorializes congress to give the interstate commerce commission wider powers in enforcing the long and short-haul clause, and urging the abolition of private cars. This bill passed by a vote of 53 to 0.

The Dunn bill, S. F. 480, was killed, getting only twenty-nine of the necessary thirty-two votes for passage, and fourteen votes being registered against it. The bill required the publication in all legal papers throughout the state of proposed amendments to the constitution. It is said it would have increased the cost to the state from \$9,000 to \$25,000.

Governor Johnson sent the chiropractic bill back to the senate Wednesday without his signature. The bill is S. F. 81, by Senator Gjertsen, creating a state board of chiropractic examiners and licensing practitioners of the new school. The bill and the veto message were laid on the table for later consideration on motion of Senator Gjertsen.

ADOPTS MINORITY REPORT.
House Acts Favorably on Railroad Rate Legislation.

The house adopted the minority report of the railroad rate committee which had been submitted by Representatives W. D. Washburn, Jr., P. A. Gandrud and W. A. Nolan, and the senate the majority report, signed by Senators A. O. Eberhart, E. B. Hawkins, A. R. McGill and H. W. Stone and Representatives R. T. Lewis and J. H. Dorsey.

Four measures were passed by the senate and six by the house. House file 879 passed by the house is the one that a majority of the members of the committee disapproved, and provides that an order of the state railroad and warehouse commission fixing a rate shall go into effect immediately and remain in effect until set aside by the courts. The house also passed H. F. 867, a copy of Senator Albert Schaller's bill, providing that members of the railroad and warehouse commission may prosecute cases before the interstate commerce commission in actions arising in Minnesota or in which a resident of Minnesota is the petitioner. The other four measures were the same in both houses, the senate files being substituted for the house files.

At the request of the Hennepin house delegation, S. F. 38 was taken from general orders and passed. It authorizes Hennepin county to issue \$250,000 in bonds for the completion of its courthouse.

Sherman S. Smith put a quietus to his bill increasing the stipend of the members of the senate and house by \$500, when he offered a motion referring the measure to its author. His request was granted, its defeat being practically certain.

Following the withdrawal of this bill, Mr. Smith had the rules suspended and H. F. 75 passed. This bill is directed at giving Minneapolis a new charter and is in the form of a constitutional amendment.

The committee on rules reported favorably W. P. Roberts' resolution to suspend the rule requiring printed bills to lie on the members' desks forty-eight hours before going on general orders.

Governor Johnson has vetoed H. F. 655 by Skinner, amending the special act relating to the Duluth municipal court, so as to do away with its jurisdiction in Cook county. The governor states that the bill is plainly unconstitutional, coming under the provision which prohibits special legislation.

Cash Department Store

Our Great Closing Out Sale is still on and after many years of successful business in Brainerd we are going to retire from the Mercantile business, and are offering great bargains in all our Dry Goods, Clothing, Shoes and Groceries. Your money will buy better values during this Closing Out Sale than elsewhere during this season of the year. During this sale we are going to make prices that will appeal to all economical buyers. We want the goods sold.
We have a fine line of ladies' spring suits and skirts which we are offering at cost. We have a few more ladies' cloaks at one-half price, also everything in the dry goods line will be sold at a great reduction.
Our grocery line is complete and we will give you some bargains that you cannot get elsewhere.
Having done our duty to call your attention to our many bargains we will leave you to yours by seeing them. So call and convince yourselves.

Bargain Rates To California

March 1 to May 15 the Rock Island System will sell "colonist" tickets to principal points in California at the low rate of

\$32.90 from St. Paul & Minneapolis

Rock Island Tourist Sleepers leave St. Paul and Minneapolis every Tuesday and Thursday, running through to Los Angeles or San Francisco. March and April are the pleasantest months in the year in California—usually the worst here. The Rock Island is the southern route to California—farthest from snow and ice, nearest to sunshine.

W. L. HATHAWAY, Dist. Pass. Agent, 322 Nicolet Ave., Minneapolis, Minn. Cut out this ad, place name and address on margin and send to me. I will promptly forward a book about California, a Tourist car folder and full information concerning Rock Island service.

TOM MARKS STOCK CO.

The Tom Marks Stock company had a larger house last night than it did the night before, which shows that the people are getting on to the fact that the company is among one of the best repertoire organizations traveling on the road today. The bill last night was "Jerry the Tramp" not an altogether commendable title, but a piece well written and exceptionally well set for the company which gave it last night. Tom Marks in the role of "Jerry" demonstrated his versatility again last night and took the house by storm in the character. The scenery last night was very good and the costuming was better than is ordinarily seen in repertoire company's or week standards. The specialties were all good.

Tonight the bill will be, "An Irish Detective," a very interesting piece and one which is sure to please.

A ladies' dress is to be given away some night before the company closes here and considerable interest will be taken in the drawing. Another novelty during the engagement will be the amateur half hour on Saturday evening. Mr. Marks will give all amateurs, who have talent and wish to display it, an opportunity to do a "stunt." A song, monologue, character song, dancing or anything of that kind will be given. A prize of \$5 will be given for the one doing the best.

STILL WORKING DILIGENTLY

Statements Made to Effect That Large Quantities of Ore Are Being Found

BIG DEAL HAS BEEN CLOSED

Lease Made Which Guarantees Ore Will be Shipped Inside of Three Years

There is still a great deal of activity on the new Cuyuna iron range in this county and of late some developments have been made along lines which would indicate that there is sure to be a large quantity of ore in paying quantities and that this range will be one of the most important in Minnesota in a short time. Cole & McDonald, the Duluth contractors, have been the most active in the work of prospecting in this vicinity and Mr. Cole, who was seen only yesterday, stated the first indications, which were eminently satisfactory, were no better than what is being found at points which have been drilled later. There is a new drill just started about two miles south of Loerch and Cole & McDonald will start another one in a few days near Klondyke. There is every indication that ore will be found in large quantities here, at least mining experts are very sanguine regarding the matter and miners and capitalists, who a short time ago, knew nothing of this new undeveloped region are now turning their attention here and are giving matter serious thought.

One of the most important moves that has been made in some time was the lease or contract entered into a few days ago between Rock & Jamieson and a big Calumet, Mich., concern. The terms of the lease specified that that this company would pay Rock & Jamieson from date 15 cents per ton royalty on a minimum of 5,000 tons, the said firm of Rock & Jamieson agreeing to commence the shipment of ore within three years.

Some excitement was created yesterday when it was reported that work had actually commenced; that a big shaft was being sunk.

There is one thing sure that the farmers in this county have realized very bountifully from the sale of land in consequence of the finds that have been made. There is hardly a strip of land between here and Deerwood but that has been sought after, and many instances are known where farmers who owned considerable land have been made independently rich.

It is creating a boom of considerable magnitude in the land business and this cannot but help Brainerd. It is said that Mr. McDonald of the firm of Cole & McDonald, has been looking for a first class house in this city and that he expects to move here to reside with his family.

Last Hope Vanished.

When leading physicians said that W. M. Smithart, of Pekin, Ia., had incurable consumption, his last hope vanished, but Dr. King's New Discovery for consumption, coughs and colds kept him out of his grave. He says: "This great specific completely cured me and saved my life. Since then I have used it for over 10 years and consider it a marvelous throat and lung cure." Strictly scientific cure for coughs, sore throats or colds; sure preventative of pneumonia. Guaranteed, 50c and \$1.00 bottles at H. P. Dunn & Co.'s drug store. Trial bottle free.

THE COMMITTEE'S REPORT

Committee From the Commercial Club Report to the Club on the School Matter—Verbatim Copy

The following is the verbatim copy of the report of the committee on city, schools and county, to which was referred the question of expenses in the public schools:

"On March 14th we had a meeting with the school board at which time the subject was discussed in an informal manner. A motion prevailed at that meeting that a committee of the school board be appointed to prepare a detail statement of their receipts and expenditures for years 1901, 1902, 1903, 1904. Mons. Mahlum, J. R. Smith and Prof. T. B. Hartley were appointed such committee. This statement we have received covering years 1903 and 1904 and is attached hereto and is a part of this report. This statement shows that for the year commencing Dec. 1, 1902, and ending Nov. 30, 1903, the disbursements for school purposes were \$45,146.23 for 2,103 pupils; and for year commencing Dec. 1, 1903, and ending Nov. 30, 1904, the disbursements for school purposes were \$53,119.75, for 2,232 pupils; an increase of \$7,973.52, and 129 pupils. It also shows an increase in salaries, alone, of \$5,301.88. This statement also shows that the school board received from the sale of bonds for the purpose of making certain additions to our school buildings, \$41,455.06 and has expended up to the present time \$50,923.08, which shows a deficiency in this account, of \$9,468.02. We fail to find that this deficiency has ever been provided for in any tax budget and must have been misappropriated from other funds that had been entrusted to their care for the maintenance of the schools. This report also shows that at a meeting held Oct. 4, 1904, a resolution was passed instructing the county auditor to raise by taxation the sum of \$45,095 which resolution is attached to this report and is a part thereof. It would appear by this resolution that the school board failed to take into consideration certain other money which they will receive from the state, amounting to about \$11,000; which in addition to the amount they will receive by taxation will make the amount that will be available, for school purposes this year, about \$57,000. This should give them a surplus of at least \$12,000. Why they should place this additional burden on the tax payers, we are unable to say. Your committee, after carefully going over the report that was submitted to them by the school board, met with them on March 30 and submitted to them an itemized budget of annual school expense which in the estimation of your committee, should be ample for the maintenance of our school system for the next school year. This recommendation we are informed was laid on the table without comment."

BRAINERD BOY WON

O. J. Olson, Son of A. Olson, Won in a Roller Skate Contest Held in Minneapolis a Few Days Ago

"In a field of four contestants O. J. Olson won the first heat in the series of races at the Nicollet roller skating rink last night. The time for the mile was 3 minutes and 18 seconds, which considering that the track necessitated twelve laps to make the mile the time is very fast.

"A large crowd was on hand to witness the contest, which was exciting from beginning to end. The men got away to a fair start and the first turn found Thomas Boardman in the lead by several feet. Olson followed him, W. E. Winters was third and in the rear came E. LeClaire. In this order the men flew around the rink and with Boardman increasing his lead over his rivals. Olson, however, showed himself a fast one on the rollers and was never more than an eighth of a lap behind the leader. Winter also showed that he knew the game and almost skated on even terms with Olson for three laps. Lap after lap the racers went around the track till the eighth lap, when Olson in a burst of speed went after Boardman and before the ninth lap was over he had taken the lead. While Boardman skated like a whirlwind and at times promised to regain the lead, Olson proved too fast for him and the final lap found him in the lead with about forty feet to spare."

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand since, as I find they have no equal." H. P. Dunn & Co., druggists, guarantee them at 50c.

REUNITED AFTER LONG SEPARATION

Brother of Sam Gerrard, a Well Known Farmer, Arrived Today from New York

SEPARATED OVER THIRTY YEARS

Both Were Boys When They Parted but Now They Both Have Large Families.

There was a rather interesting meeting at the N. P. depot this noon of two brothers who had been separated from each other for thirty-three years. Sam Gerrard, a well known farmer living not far from Brainerd, and Theophile Gerrard, of Albany, N. Y., were the men.

They were reared in Canada and are of French descent. Theophile Gerrard left home thirty-three years ago and located near Albany, New York, and nine years later Sam came to this country and located on a farm in this county.

Since Theophile left his home he had not seen his brother Sam until today and their meeting was therefore rather pathetic as well as interesting.

Both have since reared large families and age has brought whitened locks, but notwithstanding this they recognized each other at the depot the minute their eyes met. The brother from New York will spend some time here visiting. Sam is 66 and Theophile 56 years of age.

Tomorrow and Saturday will be opening days for pattern hats at Mrs. H. Theviots' millinery parlors, corner of Sixth and Maple streets. All the ladies are invited to call.

Oldest and largest installment house in city. Goods sold on easy terms. D. M. Clark & Co. 241tf

Frightful Suffering Relieved.

Suffering frightfully from the virulent poisons of undigested food, C. G. Grayson, of Lula, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. 25c at H. P. Dunn & Co.'s drug store, guaranteed.

Afraid of appendicitis? Everybody is. Dr. Adler's Treatment cures appendicitis. A dose taken once or twice weekly prevents it. Easier to prevent than to cure. Be safe. Johnson's Pharmacy. 236tf

Fine plumbing supplies at Sherlund's

Trappers Have Hard Luck.

Remi Capistrant and Octave Magnan, of St. Mathias, who spent the winter on Willow river above Big Rice lake trapping and hunting, have just returned with their winter's catch and while they were fairly successful and secured a goodly quantity of furs they were unfortunate on the return trip and lost their outfit in the river. They were coming down Willow river by boat and had nearly gotten over the rapids when their craft was caught on what is known as a sweeper, a sunken tree in an eddy, and their boat was whirled around and upset. Their guns, axes, traps, clothing and a month's provisions went to the bottom, a trunk in which they had their furs packed and the boat itself being the only things saved. The men themselves had a hard time in reaching the shore and as it was a cold day and what matches they had were useless owing to their water soaked condition, they nearly perished from the cold before morning, the accident occurring late in the afternoon while they were many miles from any habitation. The loss of their outfit nearly equalled the value of the furs they secured and the winter's work did not prove a very profitable one to them.

Notice of Stockholders' Meeting.

Notice is hereby given that a meeting of the stockholders of the Atlas Milling company will be held at the office of the treasurer in the City of Brainerd, Crow Wing County, Minnesota, on the 3rd day of May, 1905, at 7:30 o'clock p. m.

That the purpose of said meeting is to change and amend Article Sixth of the Articles of Association so as to fix the highest amount of indebtedness at ten thousand dollars.

And also to amend Article Eighth so as to increase the number of directors to five and to name the time and place of their election.

This call is made by the corporation and by the undersigned as directors.

THE COMMITTEE'S REPORT

Committee From the Commercial Club Report to the Club on the School Matter--Verbatim Copy

The following is the verbatim copy of the report of the committee on city, schools and county, to which was referred the question of expenses in the public schools:

"On March 14th we had a meeting with the school board at which time the subject was discussed in an informal manner. A motion prevailed at that meeting that a committee of the school board be appointed to prepare a detail statement of their receipts and expenditures for years 1901, 1902, 1903, 1904. Mons Mahlum, J. R. Smith and Prof. T. B. Hartley were appointed such committee. This statement we have received covering years 1903 and 1904 and is attached hereto and is a part of this report. This statement shows that for the year commencing Dec. 1, 1902, and ending Nov. 30, 1903, the disbursements for school purposes were \$45,146.23 for 2,103 pupils; and for year commencing Dec. 1, 1903, and ending Nov. 30, 1904, the disbursements for school purposes were \$53,119.75, for 2,232 pupils; an increase of \$7,973.52, and 129 pupils. It also shows an increase in salaries, alone, of \$5,301.88. This statement also shows that the school board received from the sale of bonds for the purpose of making certain additions to our school buildings, \$41,455.06 and has expended up to the present time \$50,923.08, which shows a deficiency in this account, of \$9,468.02. We fail to find that this deficiency has ever been provided for in any tax budget and must have been misappropriated from other funds that had been entrusted to their care for the maintenance of the schools. This report also shows that at a meeting held Oct. 4, 1904, a resolution was passed instructing the county auditor to raise by taxation the sum of \$45,095 which resolution is attached to this report and is a part thereof. It would appear by this resolution that the school board failed to take into consideration certain other money which they will receive from the state, amounting to about \$11,000; which in addition to the amount they will receive by taxation will make the amount that will be available, for school purposes this year, about \$57,000. This should give them a surplus of at least \$12,000. Why they should place this additional burden on the tax payers, we are unable to say. Your committee, after carefully going over the report that was submitted to them by the school board, met with them on March 30 and submitted to them an itemized budget of annual school expense which in the estimation of your committee, should be ample for the maintenance of our school system for the next school year. This recommendation we are informed was laid on the table without comment."

BRainerd BOY WON

O. J. Olson, Son of A. Olson, Won in a Roller Skate Contest Held in Minneapolis a Few Days Ago

"In a field of four contestants O. J. Olson won the first heat in the series of races at the Nicollet roller skating rink last night. The time for the mile was 3 minutes and 18 seconds, which considering that the track necessitated twelve laps to make the mile the time is very fast.

"A large crowd was on hand to witness the contest, which was exciting from beginning to end. The men got away to a fair start and the first turn found Thomas Boardman in the lead by several feet. Olson followed him, W. E. Winters was third and in the rear came E. LeClaire. In this order the men flew around the rink and with Boardman increasing his lead over his rivals. Olson, however, showed himself a fast one on the rollers and was never more than an eighth of a lap behind the leader. Winter also showed that he knew the game and almost skated on even terms with Olson for three laps. Lap after lap the racers went around the track till the eighth lap, when Olson in a burst of speed went after Boardman and before the ninth lap was over he had taken the lead. While Boardman skated like a whirlwind and at times promised to regain the lead, Olson proved too fast for him and the final lap found him in the lead with about forty feet to spare."

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand since, as I find they have no equal." H. P. REUNITED AFTER LONG SEPARATION

Brother of Sam Gerrard, a Well Known Farmer, Arrived Today from New York

SEPARATED OVER THIRTY YEARS

Both Were Boys When They Parted but Now They Both Have Large Families.

There was a rather interesting meeting at the N. P. depot this noon of two brothers who had been separated from each other for thirty-three years. Sam Gerrard, a well known farmer living not far from Brainerd, and Theophile Gerrard, of Albany, N. Y., were the men.

They were reared in Canada and are of French descent. Theophile Gerrard left home thirty-three years ago and located near Albany, New York, and nine years later Sam came to this county and located on a farm in this county.

Since Theophile left his home he had not seen his brother Sam until today and their meeting was therefore rather pathetic as well as interesting.

Both have since reared large families and age has brought whitened locks, but notwithstanding this they recognized each other at the depot the minute their eyes met. The brother from New York will spend some time here visiting. Sam is 66 and Theophile 56 years of age.

Tomorrow and Saturday will be opening days for pattern hats at Mrs. H. Theviots' millinery parlors, corner of Sixth and Maple streets. All the ladies are invited to call.

Oldest and largest installment house in city. Goods sold on easy terms. D. M. Clark & Co. 241tf

Frightful Suffering Relieved.

Suffering frightfully from the virulent poisons of undigested food, C. G. Grayson, of Lula, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. 25c at H. P. Dunn & Co.'s drug store, guaranteed.

Fine plumbing supplies at Sherlund's

Trappers Have Hard Luck.

Remi Capistrant and Octave Magnan, of St. Mathias, who spent the winter on Willow river above Big Rice lake trapping and hunting, have just returned with their winter's catch and while they were fairly successful and secured a goodly quantity of furs they were unfortunate on the return trip and lost their outfit in the river. They were coming down Willow river by boat and had nearly gotten over the rapids when their craft was caught on what is known as a sweeper, a sunken tree in an eddy, and their boat was whirled around and upset. Their guns, axes, traps, clothing and a month's provisions went to the bottom, a trunk in which they had their furs packed and the boat itself being the only things saved. The men themselves had a hard time in reaching the shore and as it was a cold day and what matches they had were useless owing to their water soaked condition, they nearly perished from the cold before morning, the accident occurring late in the afternoon while they were many miles from any habitation. The loss of their outfit nearly equalled the value of the furs they secured and the winter's work did not prove a very profitable one to them.

Notice of Stockholders' Meeting.

Notice is hereby given that a meeting of the stockholders of the Atlas Milling company will be held at the office of the treasurer in the City of Brainerd, Crow Wing County, Minnesota, on the 3rd day of May, 1905, at 7:30 o'clock p. m.

That the purpose of said meeting is to change and amend Article Sixth of the Articles of Association so as to fix the highest amount of indebtedness at ten thousand dollars.

And also to amend Article Eighth so as to increase the number of directors to five and to name the time and place of their election.

This call is made by the corporation and by the undersigned as directors.

Build Up Your System!

Neglect and carelessness are the general causes of all disease.

People never become dangerously sick until after nature has given them many warnings.

The great mistake is not paying attention to these warnings.

When you feel "run down," "used up," "nervous," tired most of the time—it means that something is wrong and nature is warning you.

You need more nerve force to build up your system.

Strengthen your nerves, increase your nerve force and your health will take care of itself.

Science with its unerring methods of research has proved that the various organs and tissues of the body continue in health and perform their work properly as long as their nerve supply retains its vigor and strength.

But if the nerves degenerate or lose power from poor nourishment or any other cause, the entire physiological mechanism of the body is thrown out of gear and we have as a result some "run-down" condition or disease.

The heart, the stomach, the liver, all have their great nerve centres which supply them with the power to work properly. When these nerve centres are weakened these important organs cannot act properly.

"For five years I was in very bad health and the doctors and medicine failed to help me, until I became seriously ill, and then I began using Paine's Celery Compound. I derived great benefit from it at once. I commenced to gain in weight and gained thirty-nine pounds in three months. It gave me great strength and built up my entire system. I have recommended it to some of my friends and it did them a great deal of good."—O. M. Pearson, Seattle, Wash.

Prof. Phelps, of Dartmouth University, was the first physician to enunciate the principle which today is recognized as one of the foundations of the science of medicine,—the great enlightening truth, that the nerve system rules all the body's health.

The nerves must have food to keep up their strength. Their food is not the same food that we usually know.

He sought and found the food that builds up and restores the nerves—his celery formula, which has become famous as Paine's Celery Compound—the celebrated nerve vitalizer and tonic.

Paine's Celery Compound is giving new nerve force to thousands every day by feeding and restoring the nerves to their full strength. It never fails to build up a run down system to full, ruddy health.

Two days' treatment proves its marvelous power. It braces you up. You feel better at once.

Sick headache, palpitation, dizziness, and heartburn are usually relieved by a single dose of Paine's Celery Compound.

Remember this,—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, and all reputable Druggists sell and recommend it.

SHOOTS TWO PEOPLE

ST. PAUL MAN FATALLY WOUNDS
MRS. FREDERICK S. KELLER
AND HER SON.

SURRENDERS TO THE POLICE

MAN WHO DID SHOOTING VOL-
UNTARILY GOES TO THE PO-
LICE STATION.

St. Paul, April 12.—William Williams, an Englishman, twenty-eight years old, a traveling steam fitter, shot and mortally wounded Mrs. Frederick S. Keller and her sixteen-year-old son, John Keller, a few minutes after 12 o'clock a. m.

The shooting occurred at the Keller home, flat 1, Reid's court. Williams gave himself up to the police.

According to the story told by Mrs. Keller, Williams came to the Keller home at night and going to the boy's room talked with him a long time. Mrs. Keller with her husband was in an adjoining room and when the clock struck 12 Mrs. Keller, thinking it was time for Williams to leave, went into her son's room and requested Williams to go. Williams refused to leave unless John Keller went with him and a quarrel ensued. The boy was very drowsy and while his mother and Williams were talking dropped to sleep.

Shoots the Boy Twice.

After a heated argument Williams bent over a trunk that he had been allowed to keep at the Keller home and walked over to the bed where John lay asleep, and drawing a .38-caliber revolver from under his coat and bending over the sleeping boy placed the muzzle close to his head and fired twice, both bullets taking effect in the head.

Mrs. Keller, crazed with grief, started for her husband's room, but had scarcely taken a step when Williams turned on her and fired twice. Both shots took effect, and the woman sank to the floor. Bending over the form of the woman Williams fired again, but the cartridge missed fire. Dropping the revolver, Williams fled down the front stairs, stopping at the apartments of Mrs. Emma Kline, who lives directly under the Keller rooms, to tell her of the shooting. Williams then ran to the Central police station and surrendered.

Both Mrs. Keller and her son are expected to die.

The police believe Williams is insane, and on that theory account for the crime.

Williams says Young Keller was the only friend he had on earth.

EFFORT ENDS IN FAILURE.

Mayor Dunne Vainly Tries to End Strike in Chicago.

Chicago, April 13.—An effort made during the day by Mayor Edward F. Dunne to have the controversy between Montgomery Ward & Co. and their striking employees submitted to arbitration was unsuccessful and the indications now are that the struggle will be continued until one or the other of the opposing elements offers to compromise the difficulty.

Upon the solicitation of Mayor Dunne the executive committee of the Chicago Employers' association, the organization which is taking the leading part in the fight against the striking teamsters, visited the city hall in the afternoon and were urged by the mayor to agree to a settlement of the strike by arbitration. Mayor Dunne offered to act as mediator but the proposition was declined by the committee. The committee explained to the mayor that the teamsters had broken their agreement with Montgomery Ward & Co. by ordering the sympathetic strike in order to bring about a settlement of the garment workers' difficulties, and that therefore there was nothing which could be done toward a settlement of the trouble by mediation.

There were several clashes between the police and strike sympathizers who have taken the places of the strikers. No one was seriously hurt, however, and at night Montgomery Ward & Co. declared that they had been more successful in making deliveries than at any time since the strike began.

Officials Under Arrest.

Marshalltown, Ia., April 13.—S. Meekin, a justice of the peace, and George Mable, a constable at St. Anthony, Marshall county, have been arrested charged with oppression in office. Frank Buchanan claims that under cover of their office and by threatening him with arrest, they got him to sign an affidavit that he voted illegally at the recent election.

Sheriff Shoots Jailbreaker.

Superior, Wis., April 13.—Sheriff Boutin of Washburn county shot and seriously wounded James Sullivan, a jailbreaker from Washburn, in a fight that followed an attempt by the Washburn sheriff to rearrest his man.

Revolt Predicted in China.

St. Petersburg, April 13.—Dispatches from Manchuria indicate that the belief prevails there that a revolt will soon occur against the Chinese dynasty and that it is being promoted by Chinese liberals.

DULL DAY FOR ROOSEVELT.

Cloudy Weather Mars the President's Hunting Trip.

Frederick, Okla., April 13.—Wednesday was a dull day for President Roosevelt and his party in the big pasture. The weather was dull and cloudy. The party goes out about 6:30 each morning and returns to camp about 11 for dinner. Fresh horses are saddled by attendants and the start is made about 1:30 in the afternoon. One of the diversions of camp was a foot race in which the president also participated. He failed to distinguish himself, however.

The dogs are so accustomed to pursuing wolves that they left a wild cat which was being pursued at night in order to chase their accustomed prey. At night a raccoon was caught in Deep Red creek and is now in camp as one of the live trophies of the chase.

In one of the runs a wolf was chased over the hills and through creeks and timber for ten miles. Only the hardest and best riders could keep up such a terrific pace as this for any distance. When the wolf was finally captured there were but four of the party within sight of the animal, Bob Burnett, Guy Waggoner and John Abernathy, three old time cowboys, and President Roosevelt.

AT TEMPORARY HEADQUARTERS.

Very Little Business Transacted by Secretary Loeb.

Fort Worth, Tex., April 13.—Very little business was transacted at the temporary headquarters of the government, which have been maintained here by Secretary Loeb since Sunday last. During the day Secretary Loeb will break up his headquarters and the president's special train will leave at 10 a. m. for Frederick, Okla., where the president will board it at night. The start from Frederick will be made at 8:25 Thursday night and the last stop in Texas will be made at Texline at 8:20, mountain time, Friday morning. No changes in the Colorado programme have been given out.

Will Welcome Roosevelt.

Denver, April 13.—Governor Jesse McDonald, accompanied by a party of national guardsmen and officers of the regular army, intends to go to Trinidad in order to welcome President Roosevelt to Colorado. The governor will carry with him the hunting license which has been issued by the game commission to the president.

IN FAVOR OF THE UNION.

Cumberland Presbyteries So Decide by Vote.

Nashville, Tenn., April 13.—Cumberland Presbyterian headquarters here announced during the day that the proposition for union with the Northern Presbyterian church had received the requisite 58 votes, with others of the 114 presbyteries of the Cumberland Presbyterian church yet to hear from. The deciding vote was cast during the day by the Pennsylvania Cumberland Presbyterian presbytery. It is said that the Northern Presbyterian church is voting for union in the ratio of 10 to 1. It has already settled the question of separate presbyteries for negroes.

The general assemblies of both churches will meet on May 17, the Cumberland Presbyterians in Fresno, Cal., and the Presbyterians in Winona Lake, Ind. The votes will be declared in both. Friends of union, however, do not expect that union will be actually perfected in less than two years, considerable time being required to perfect the details.

FORMALDEHYDE IN MILK.

Twins Supposed to Have Been Poisoned at Providence, R. I.

Providence, R. I., April 13.—Formaldehyde was discovered during the day in milk which it is believed has caused the death of William and Ella Shanley, three-months-old twins. The discovery was made by Milk Inspector W. O. Scott of this city.

An autopsy was held at night and later the medical examiner swore out a warrant for the arrest on the charge of manslaughter of John F. MacDonald, the milkman, who for five years has supplied the Shanley family with milk. The medical examiner returned a verdict that the twins died from formaldehyde poisoning.

THREATENS TO USE A RIFLE.

John Dietz Will Try to Prevent Log Drive on Thornapple River.

Chippewa Falls, Wis., April 13.—Log driving on Thornapple river, below Cameron dam, began during the day. John Dietz, who has held Cameron dam and 2,000,000 feet of logs above Cameron dam for a year, asserts he will not obey a federal court injunction ordering him to cease interference and warns drivers not to proceed above the dam. Attempts will be made in a few days, it is said, to move the logs under protection of federal marshals. Dietz announces that he will use a rifle should drivers cross the dead line he has established.

LIVED LIKE A PAUPER.

Man With a Bank Account Killed at Des Moines, Ia.

Des Moines, Ia., April 13.—With certificates of deposit in Des Moines banks for \$7,000 and bills worth \$125 wadded together in the lining of his coat, William H. Talmahlen of this city was killed while picking up kindling, presumably for a living, in the rear of the railroad yards here. He was dressed in rags and had for months been a frequent visitor in the yards, where he picked up coal and wood, which he either sold or burned.

Piles

In order to prove to you that Dr. A. W. Chase's Ointment is a certain and absolute cure for any form of itching, bleeding, or protruding piles, the manufacturers guarantee a cure. You can use it and if not cured get your money back. Mr. Casper Walton, laborer, Michigan City, Ind., says: "I work hard and lift a great deal. The strain brought on an attack of piles. They itched and they protruded and bled. Nothing helped them until I used Dr. A. W. Chase's Ointment. That cured them." 50c. a box at all dealers, or Dr. A. W. CHASE MEDICINE CO., Buffalo, N. Y.

Dr. A. W. Chase's Ointment.

INVESTIGATION UNDER WAY.

Committee Asks for Records of the Equitable Life Society.

New York, April 13.—A complete record of all the financial transactions of the Equitable Life Assurance society, its relations to other corporations and a full list of the society's employees, including all its officers, together with a statement of the salaries and emoluments received by them, is asked of the society's president, James W. Alexander, in a letter sent to him by Henry C. Frick, chairman of the investigating committee appointed by the directors. The letter to Mr. Alexander was approved at a meeting of the investigating committee, at which Messrs. Harriman, Bliss, Ives, Ingalls and Frick were present.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution as assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & Co., Toledo, O. Sold by all Druggists, 75c.

Build Up Your System!

Neglect and carelessness are the general causes of all disease.

People never become dangerously sick until after nature has given them many warnings.

The great mistake is not paying attention to these warnings.

When you feel "run down," "used up," "nervous," tired most of the time—it means that something is wrong and nature is warning you.

You need more nerve force to build up your system.

Strengthen your nerves, increase your nerve force and your health will take care of itself.

Science with its unerring methods of research has proved that the various organs and tissues of the body continue in health and perform their work properly as long as their nerve supply retains its vigor and strength.

But if the nerves degenerate or lose power from poor nourishment or any other cause, the entire physiological mechanism of the body is thrown out of gear and we have as a result some "run-down" condition or disease.

The heart, the stomach, the liver, all have their great nerve centres which supply them with the power to work properly. When these nerve centres are weakened these important organs cannot act properly.

"For five years I was in very bad health and the doctors and medicine failed to help me, until I became seriously ill, and then I began using Paine's Celery Compound. I derived great benefit from it at once. I commenced to gain in weight and gained thirty-nine pounds in three months. It gave me great strength and built up my entire system. I have recommended it to some of my friends and it did them a great deal of good."—O. M. Pearson, Seattle, Wash.

Prof. Phelps, of Dartmouth University, was the first physician to enunciate the principle which today is recognized as one of the foundations of the science of medicine,—the great enlightening truth, that the nerve system rules all the body's health.

The nerves must have food to keep up their strength. Their food is not the same food that we usually know.

He sought and found the food that builds up and restores the nerves—his celery formula, which has become famous as Paine's Celery Compound—the celebrated nerve vitalizer and tonic.

Paine's Celery Compound is giving new nerve force to thousands every day by feeding and restoring the nerves to their full strength. It never fails to build up a run down system to full, ruddy health.

Two days' treatment proves its marvelous power. It braces you up. You feel better at once.

Sick headache, palpitation, dizziness, and heartburn are usually relieved by a single dose of Paine's Celery Compound.

Remember this,—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, and all reputable Druggists sell and recommend it.

SHOOTS TWO PEOPLE

ST. PAUL MAN FATALLY WOUNDS
MRS. FREDERICK S. KELLER
AND HER SON.

SURRENDERS TO THE POLICE

MAN WHO DID SHOOTING VOL-
UNTARILY GOES TO THE PO-
LICE STATION.

St. Paul, April 12.—William Williams, an Englishman, twenty-eight years old, a traveling steam fitter, shot and mortally wounded Mrs. Frederick S. Keller and her sixteen-year-old son, John Keller, a few minutes after 12 o'clock a. m.

The shooting occurred at the Keller home, flat 1, Reid's court. Williams gave himself up to the police.

According to the story told by Mrs. Keller, Williams came to the Keller home at night and going to the boy's room talked with him a long time. Mrs. Keller with her husband was in an adjoining room and when the clock struck 12 Mrs. Keller, thinking it was time for Williams to leave, went into her son's room and requested Williams to go. Williams refused to leave unless John Keller went with him and a quarrel ensued. The boy was very drowsy and while his mother and Williams were talking dropped to sleep.

Shoots the Boy Twice.

After a heated argument Williams bent over a trunk that he had been allowed to keep at the Keller home and walked over to the bed where John lay asleep, and drawing a .38-caliber revolver from under his coat and bending over the sleeping boy placed the muzzle close to his head and fired twice, both bullets taking effect in the head.

Mrs. Keller, crazed with grief, started for her husband's room, but had scarcely taken a step when Williams turned on her and fired twice. Both shots took effect, and the woman sank to the floor. Bending over the form of the woman Williams fired again, but the cartridge missed fire. Dropping the revolver, Williams fled down the front stairs, stopping at the apartments of Mrs. Emma Kline, who lives directly under the Keller rooms, to tell her of the shooting. Williams then ran to the Central police station and surrendered.

Both Mrs. Keller and her son are expected to die.

The police believe Williams is insane, and on that theory account for the crime.

Williams says Young Keller was the only friend he had on earth.

EFFORT ENDS IN FAILURE.

Mayor Dunne Vainly Tries to End Strike in Chicago.

Chicago, April 13.—An effort made during the day by Mayor Edward F. Dunne to have the controversy between Montgomery Ward & Co. and their striking employees submitted to arbitration was unsuccessful and the indications now are that the struggle will be continued until one or the other of the opposing elements offers to compromise the difficulty.

Upon the solicitation of Mayor Dunne the executive committee of the Chicago Employers' association, the organization which is taking the leading part in the fight against the striking teamsters, visited the city hall in the afternoon and were urged by the mayor to agree to a settlement of the strike by arbitration. Mayor Dunne offered to act as mediator but the proposition was declined by the committee. The committee explained to the mayor that the teamsters had broken their agreement with Montgomery Ward & Co. by ordering the sympathetic strike in order to bring about a settlement of the garment workers' difficulties, and that therefore there was nothing which could be done toward a settlement of the trouble by mediation.

There were several clashes between the police and strike sympathizers who have taken the places of the strikers. No one was seriously hurt, however, and at night Montgomery Ward & Co. declared that they had been more successful in making deliveries than at any time since the strike began.

Officials Under Arrest.

Marshalltown, Ia., April 13.—S. Meekin, a justice of the peace, and George Mabie, a constable at St. Anthony, Marshall county, have been arrested charged with oppression in office. Frank Buchanan claims that under cover of their office and by threatening him with arrest, they got him to sign an affidavit that he voted illegally at the recent election.

Sheriff Shoots Jailbreaker.

Superior, Wis., April 13.—Sheriff Boutin of Washburn county shot and seriously wounded James Sullivan, a jailbreaker from Washburn, in a fight that followed an attempt by the Washburn sheriff to rearrest him.

Revolt Predicted in China.

St. Petersburg, April 13.—Dispatches from Manchuria indicate that the belief prevails there that a revolt will soon occur against the Chinese dynasty and that it is being promoted by Chinese liberals.

DULL DAY FOR ROOSEVELT.

Cloudy Weather mars the President's Hunting Trip.

Frederick, Okla., April 13.—Wednesday was a dull day for President Roosevelt and his party in the big pasture. The weather was dull and cloudy. The party goes out about 6:30 each morning and returns to camp about 11 for dinner. Fresh horses are saddled by attendants and the start is made about 1:30 in the afternoon. One of the diversions of camp was a foot race in which the president also participated. He failed to distinguish himself, however.

The dogs are so accustomed to pursuing wolves that they left a wild cat which was being pursued at night in order to chase their accustomed prey. At night a raccoon was caught in Deep Red creek and is now in camp as one of the five trophies of the chase.

In one of the runs a wolf was chased over the hills and through creeks and timber for ten miles. Only the hardest and best riders could keep up such a terrific pace as this for any distance. When the wolf was finally captured there were but four of the party within sight of the animal, Bob Burnett, Guy Waggoner and John Abernathy, three old time cowboys, and President Roosevelt.

AT TEMPORARY HEADQUARTERS.

Very Little Business Transacted by Secretary Loeb.

Fort Worth, Tex., April 13.—Very little business was transacted at the temporary headquarters of the government, which have been maintained here by Secretary Loeb since Sunday last. During the day Secretary Loeb will break up his headquarters and the president's special train will leave at 10 a. m. for Frederick, Okla., where the president will board it at night. The start from Frederick will be made at 8:25 Thursday night and the last stop in Texas will be made at Texline at 8:20, mountain time, Friday morning. No changes in the Colorado programme have been given out.

Will Welcome Roosevelt.

Denver, April 13.—Governor Jesse McDonald, accompanied by a party of national guardsmen and officers of the regular army, intends to go to Trinidad in order to welcome President Roosevelt to Colorado. The governor will carry with him the hunting license which has been issued by the game commission to the president.

IN FAVOR OF THE UNION.

Cumberland Presbyteries So Decide by Vote.

Nashville, Tenn., April 13.—Cumberland Presbyterian headquarters here announced during the day that the proposition for union with the Northern Presbyterian church had received the requisite 58 votes, with others of the 114 presbyteries of the Cumberland Presbyterian church yet to hear from. The deciding vote was cast during the day by the Pennsylvania Cumberland Presbyterian presbytery. It is said that the Northern Presbyterian church is voting for union in the ratio of 10 to 1. It has already settled the question of separate presbyteries for negroes.

The general assemblies of both churches will meet on May 17, the Cumberland Presbyterians in Fresno, Cal., and the Presbyterians in Winona Lake, Ind. The votes will be declared in both. Friends of union, however, do not expect that union will be actually perfected in less than two years, considerable time being required to perfect the details.

FORMALDEHYDE IN MILK.

Twins Supposed to Have Been Poisoned at Providence, R. I.

Providence, R. I., April 13.—Formaldehyde was discovered during the day in milk which it is believed has caused the death of William and Ella Shanley, three-months-old twins. The discovery was made by Milk Inspector W. O. Scott of this city.

An autopsy was held at night and later the medical examiner swore out a warrant for the arrest on the charge of manslaughter of John F. MacDonald, the milkman, who for five years has supplied the Shanley family with milk. The medical examiner returned a verdict that the twins died from formaldehyde poisoning.

THREATENS TO USE A RIFLE.

John Dietz Will Try to Prevent Log Drive on Thornapple River.

Chippewa Falls, Wis., April 13.—Log driving on Thornapple river, below Cameron dam, began during the day. John Dietz, who has held Cameron dam and 2,000,000 feet of logs above Cameron dam for a year, asserts he will not obey a federal court injunction ordering him to cease interference and warns drivers not to proceed above the dam. Attempts will be made in a few days, it is said, to move the logs under protection of federal marshals. Dietz announces that he will use a rifle should drivers cross the dead line he has established.

LIVED LIKE A PAUPER.

Man With a Bank Account Killed at Des Moines, Ia.

Des Moines, Ia., April 13.—With certificates of deposit in Des Moines banks for \$7,000 and bills worth \$125 wadded together in the lining of his coat, William H. Talmahlen of this city was killed while picking up kindling, presumably for a living, in the rear of the railroad yards here. He was dressed in rags and had for months been a frequent visitor in the yards, where he picked up coal and wood, which he either sold or burned.

Piles

In order to prove to you that Dr. A. W. Chase's Ointment is a certain and absolute cure for any form of itching, bleeding or protruding piles, the manufacturers guarantee a cure. You can use it and if not cured get your money back. Mr. Casper Walton, laborer, Michigan City, Ind., says: "I work hard and lift a great deal. The strain brought on an attack of piles. They itched and they protruded and bled. Nothing helped them until I used Dr. A. W. Chase's Ointment. That cured them." 50c. a box at all dealers, or Dr. A. W. CHASE MEDICINE CO., Buffalo, N. Y.

Dr. A. W. Chase's Ointment.

INVESTIGATION UNDER WAY.

Committee Asks for Records of the Equitable Life Society.

New York, April 13.—A complete record of all the financial transactions of the Equitable Life Assurance society, its relations to other corporations and a full list of the society's employees, including all its officers, together with a statement of the salaries and emoluments received by them, is asked of the society's president, James W. Alexander, in a letter sent to him by Henry C. Frick, chairman of the investigating committee appointed by the directors. The letter to Mr. Alexander was approved at a meeting of the investigating committee, at which Messrs. Harriman, Bliss, Ives, Ingalls and Frick were present.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution as assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & Co., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.
